

# The Mended Hearts, Inc.

## Lake Country Area

Hi everyone,

What a great meeting we had this month. Listening to a Cardiologist talking about his heart surgery was really interesting. I thought we were never going to run out of questions. Thanks Dr Katib for a really great talk and a great message to all of us.

April meeting should be great that you will not want to miss. A Free Meal, including coffee, and deserts. Also a speaker with great information for us all.

The location is Aurora Summit hospital on Hwy 67 and I94

The date is Sunday April 14<sup>th</sup>

The time is 5:30PM (Take note of time change) Supper followed by meeting

I will let you know the room as soon as it is assigned to us,

Anyone with special needs please let Glenn know.

Speaker will be Dr Krishna Prasad who is in charge of the emergency department at the Aurora Summit Hospital. I owe my life to him which might make me a bit bias but I think he is the best in the area. Take a look at our web site for his bio. Learn the changes in the procedures for handling heart patients thru the years in the ER There are reasons why they move us up to the front when we go to the ER

CPR classes are set up for Wednesday, April 24, 2013 at Hartland Fire Department at 7:00 P.M. The address is 150 Lawn St, Hartland Wi 53029. I hope to have a great sign up for this class. We have room for twenty five people and might be able to squeeze others in if they want to attend. This is a great class for all of us. The Hartland Fire Department is doing it for us for no charge and we are charging everyone \$20.00 to help the treasury. Sign up sheets will be at the next meeting otherwise call a Board Member to register.

The next three meetings are as follows

May 19<sup>th</sup> 6:30PM Oconomowoc Memorial

June 9<sup>th</sup> 6:30PM Waukesha Memorial

July 14<sup>th</sup> 6:30PM Aurora Summit
